

Dear Client,

Welcome to Dutch Fork Psychological Services, LLC, an organization dedicated to providing quality assessment and treatment services. We work closely with our clients and referring agencies to help meet the needs of individuals and/or their families.

You have been directed by a Family Court judge and/or the Department of Social Services to complete a psychological evaluation as part of the process of working toward regaining custody of your child(ren). While this process may seem mysterious to many, it is actually fairly straightforward. The evaluation consists of two parts: a clinical interview and the administration of selected test instruments and questionnaires. The process typically takes two to three hours and can be completed in a single morning or afternoon session.

When you arrive for the evaluation, you will be asked to complete some preliminary paperwork including an Intake Form, Consent Form, and Release of Information Form. At that time we will be happy to answer any questions you might have about the evaluation process. We endeavor to make your experience as meaningful and as painless as possible.

I look forward to our collaboration and appreciate your investment of time and resources.

Sincerely,

William E. Haxton, Ph.D.  
Licensed Clinical Psychologist (#654)
