NOTICE OF PRIVACY PRACTICES

THIS NOTICE DESCRIBES HOW PSYCHOLOGICAL AND MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION.

**PLEASE REVIEW IT CAREFULLY.
THE PRIVACY OF YOUR PERSONAL INFORMATION IS IMPORTANT TO US.**

OUR LEGAL DUTY

We are required by law to maintain the privacy of health/mental health information. We are also required to give you this Notice about our privacy practices, our legal duties, and your rights concerning your health/mental health information. We must follow the privacy practices that are described in this Notice while it is in effect. This Notice takes effect on April 14, 2003, and will remain in effect until we replace it.

We reserve the right to change the privacy policies and practices described in this Notice at any time, provided such changes are permitted by applicable law. Unless we notify you of such changes, however, we are required to abide by the terms currently in effect. If we revise our policies and procedures, we will notify you by sending you a copy of the revised Notice through the U.S. mail.

You may request a copy of our Notice at any time. For more information about our privacy practices, or additional copies of this Notice, please contact us using the information listed at the end of this Notice.

USES AND DISCLOSURES FOR TREATMENT, PAYMENT, AND HEALTH CARE OPERATIONS

We may use or disclose your *protected health information (PHI)*, for *treatment, payment, and health care operations* purposes with your *consent*. To help clarify these terms, here are some definitions:

- **PHI** refers to information in your health record that could identify you.
- **Treatment, Payment and Health Care Operations**
 - *Treatment* is when we provide, coordinate or manage your health care and other services related to your health care. An example of treatment would be when we consult with another health care provider, such as your family physician or another psychologist.
 - *Payment* is when we obtain reimbursement for your healthcare. Examples of payment are when we disclose your PHI to your health insurer to obtain reimbursement for your health care or to determine eligibility or coverage.
 - *Health Care Operations* are activities that relate to the performance and operation of our practice. Examples of health care operations are quality assessment and improvement activities, business-related matters such as audits and administrative services, and case management and care coordination.
- **Use** applies only to activities within our office such as sharing, employing, applying, utilizing, examining, and analyzing information that identifies you.

- **Disclosure** applies to activities outside of our office, such as releasing, transferring, or providing access to information about you to other parties.

USES AND DISCLOSURES REQUIRING AUTHORIZATION

We may use or disclose PHI for purposes outside of treatment, payment, and health care operations when your appropriate authorization is obtained. An “*authorization*” is written permission above and beyond the general consent that permits only specific disclosures. In those instances when we are asked for information for purposes outside of treatment, payment and health care operations, we will obtain an authorization from you before releasing this information. We will also need to obtain an authorization before releasing your psychotherapy notes. “*Psychotherapy notes*” are notes your psychologist has made about your conversations during a private, group, joint, or family counseling session, which have been kept separate from the rest of your clinical record. These notes are given a greater degree of protection than PHI.

You may revoke all such authorizations (of PHI or psychotherapy notes) at any time, provided each revocation is in writing. You may not revoke an authorization to the extent that (1) We have relied on that authorization; or (2) if the authorization was obtained as a condition of obtaining insurance coverage, and the law provides the insurer the right to contest the claim under the policy.

USES AND DISCLOSURES WITH NEITHER CONSENT NOR AUTHORIZATION

We may use or disclose PHI without your consent or authorization in the following circumstances:

- **Child Abuse:** When, in our professional capacity, we have received information which gives us reason to believe that a child's physical or mental health or welfare has been or may be adversely affected by abuse or neglect, we must report such to the county Department of Social Services, or to a law enforcement agency in the county where the child resides or is found. If we have received information in our professional capacity which gives us reason to believe that a child's physical or mental health or welfare has been or may be adversely affected by acts or omissions that would be child abuse or neglect if committed by a parent, guardian, or other person responsible for the child's welfare, but we believe that the act or omission was committed by a person other than the parent, guardian, or other person responsible for the child's welfare, we must make a report to the appropriate law enforcement agency.
- **Adult and Domestic Abuse:** If we have reason to believe that a vulnerable adult has been or is likely to be abused, neglected, or exploited, we must report the incident within 24 hours or the next business day to the Adult Protective Services Program. We may also report directly to law enforcement personnel.
- **Health Oversight:** The South Carolina Board of Examiners in Psychology has the power, if necessary, to subpoena our records. We are then required to submit to them those records relevant to their inquiry.
- **Judicial or administrative proceedings:** If you are involved in a court proceeding and a request is made about the professional services we provided you or the records thereof, such information is privileged under state law, and we will not release information without your written consent or a court order. The privilege does not apply when you are being evaluated for a third party or where the evaluation is court ordered. You will be informed in advance if this is the case.
- **Serious Threat to Health or Safety:** If you communicate to us the intention to commit a crime or harm yourself, we may disclose confidential information when we judge that disclosure is necessary to protect against a clear and substantial risk of imminent serious harm being inflicted by you on yourself or another person. In this situation, we must limit disclosure of the otherwise confidential information to only those persons and only that content which would be consistent with the standards of the profession in addressing such problems.

- **Workers' Compensation:** If you file a workers' compensation claim, we are required by law to provide all existing information compiled by us pertaining to the claim to your employer, the insurance carrier, their attorneys, the South Carolina Worker's Compensation Commission, or you.
